ARTERRIFIC (Mt Lawley Campus)	FROM GARDEN TO PLATE	SUSTAINABILITY – BECOME A WORM FARMER	WOMEN AND GIRLS IN SCIENCE
9am: Student drop-off ECU Mt Lawley	9.45am: Student drop-off ECU Joondalup	9am: Student drop-off ECU Joondalup	9am: Student drop-off ECU Joondalup
Come and join us in the Art Studio for a few hours of absolutely terrific fun exploring art materials. We'll draw and paint a "Still Life" and explore textures in clay and make pinch pots.	This program is for all those budding gardeners out there. We'll get you hammering and planting. Bunnings Rockingham will show you how to make a garden caddy and plant up your own fruit or herbs. Then you get to take it all home with you!!	Microscopes will come out in the lab first to get a close-up view of some wriggles. Then a presentation on the humble worm's role in recycling, mini beasts, and the importance of sustainability. Then you'll make your own mini worm farm to take home.	Today's activities will focus on women and girls in science using glitter and magic spaghetti!!! Be a student in ECU's Science Lab and expose your hand's secrets with GlitterBug. Then you'll make Jelly Spaghetti and make it disappear again ...Hey Presto...a magic lab!!!
