## From the Principal

It is always a joy to return to the start of **Term 4**, the children have grown, we have the anticipation of **Interschool Cross Country, Open Night/Book Fair, Edgewater's Got Talent, WA Massed Choir, final class assemblies, swimming lessons, Twilight Concert, ECU Children's University Graduation** and the excitement of Year 6 students as they work through the many emotions of their last term in primary school.

**Mr Butt** has announced that he will be **retiring** at the end of the year, so this year's graduation will be extra special as we say goodbye to students and a much-valued and respected staff member.

On **Monday of Week 2**, I was able to call from Penistone Park to arrange for all students to be at the school gate to welcome back our **victorious Interschool Cross Country Team**.

An **enormous effort** on behalf of the **P&C** resulted in a **successful Quiz Night**. Thank you to all parents who came along to **Open Night** to celebrate their child/ren's year of learning.

**Today we celebrated World Teachers' Day**. We thank our teaching staff for their skilled work in educating, inspiring, and supporting our students.

Mrs Pannell will begin **Pre-Kindy Fun sessions** for future Edgewater families, commencing next **Wednesday, October 30**.

**Planning is now underway for 2025**. Class compositions are based on factors such as academic progress, behaviour, ability to work independently and special needs. Our staff are best placed to **establish class compositions**.

The opportunity for parents to make written placement requests for 2025 need to be submitted by **Friday, 8 November**. Requests will be considered and accommodated where possible, but not guaranteed. Parent **classroom placement requests** must be made **in writing**. Requests considered are based on family issues such as twin placement, cousins not in same room etc. Requests for certain specific teachers are not considered.

As you are aware we have now transitioned to **Compass**.

More information will be provided later this term as it becomes available. Please contact the front office if you have any Compass queries, Ashley and Karene are here to support you.

Kim Perkins

Principal

**Student Free Day - Friday 1 November 2024**

# World Teachers' Day

Today we celebrated our wonderful teachers on World Teachers' Day with a delicious morning tea.

We are indeed fortunate to have gathered together an amazing group of teachers who have every single child front and centre. This school is part of community where everyone matters.

We take our 'hats off' today and everyday to our teachers.

## From the School Board Chairperson

The Board is due to meet next Monday evening, 28 October, to discuss matters of importance to the school.

You will find more information about the Board and its functioning on our Website under the About tab [School Board \(edgewaterps.wa.edu.au\)](https://edgewaterps.wa.edu.au)

**Rebecca Wright**  
School Board Chairperson

# Aussie of the Month

Archie has been chosen as Aussie of the Month for Year 1 as he consistently demonstrates the Edgewater Primary School core values.

He is a shining example of a mature and thoughtful student whose behaviour and attitude is outstanding. He is always ready to take on responsibility and loves to participate in every aspect of school life.

Archie works hard in all he does and achieves great results in his work. His exceptional manners and politeness is evident in every interaction, creating a positive and respectful atmosphere.

Archie is well-liked by both students and staff and can be relied upon to perform any task to a high standard. He has a caring nature and is keen to help those without being asked.

For all these reasons, Archie is a very deserving recipient of the Aussie of the Month award and he should be very proud of this achievement.

Congratulations Archie!

## Merit Certificate Recipients

Congratulations to the following students who received a merit certificate at the assembly on **Friday, 20 September 2024:**

**PP1** Cian M, Quinn C, Abigail W | **PP2** Violet S, Eabha F, Lleyton P | **R 4** Maisie B, Mia S, Harley J | **R5** Zoe B, Toben D | **R6** Emma-Lia W, Ruby Herbort | **R8** Flynn H, Samantha B, Sienna K | **R11** Lucas R | **R12** Amada S, Logan N, Maggie R | **R14** Oliver Q | **R15** Harry G, Beau W, Alivia T | **R16** Isla M.

Congratulations to the following students who received a merit certificate at the assembly on **Friday, 18 October 2024:**

**PP1** Lauren W, Toby R, Paula C-W | **PP2** Cruden K, Ada E | **R1** Bella G, Joe M, Isabell H-S | **R3** Arriana F | **R4** Liam W, Isaiah C | **R5** Ryan G, Scarlett G | **R6** Kian B, Aerin G | **R8** Mia W, Charles C | **R11** Quinn K, Lucas W | **R12** Regina L, Heid F | **R14** Alexander H, Lachlan H | **R15** Eddie H, Louie L, Ella H | **R16** Maggie M

# Room 15, Year 2 Assembly

On Friday, 20 September, Room 15 performed Edward the Emu.

Edward was bored being an emu at the zoo. One day after overhearing some visitors, he decided it would be more exciting if he was a different animal.

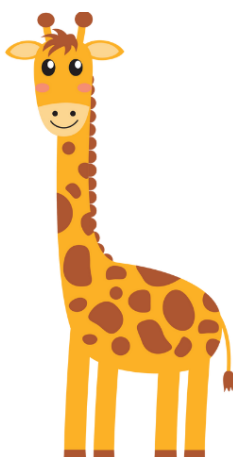

Edward tried to be a monkey, a bear, a parrot, a Penguin, and even a giraffe.

The zoo animals chattered, swung, growled, squawked, waddled and ambled through the day having so much fun.

Things did not go to plan, however, as Edward couldn't do anything so wild and funky. The animals were fed up and poor Edward ended up more miserable than ever.

Suddenly he meets Edwina the Emu and finds out that he was perfect just being an emu. Everyone celebrated by dancing at the zoo!

# Phys Ed News

## Interschool Athletics Results

Last term our interschool team returned some very impressive results. We were extremely proud of how our athletes performed both individually and collectively. We finished 2nd place overall and we won the meritorious shield – which is awarded to the school who has improved by the most points from last year's carnival. Go Edgewater!

### Overall Results:

1st Creaney 314 points; 2nd Edgewater 298 points; 3rd Woodvale 248 points; 4th North Woodvale 194 points; 5th Greenwood 167 points.

### Interschool Age Group Champion Results:

A huge congratulations to the following students who excelled at the interschool athletics carnival and were awarded the following medals:

Year 4 Girls Runner Up: Emmersyn D

Year 5 Champion Girl: Ella M

Year 6 Girls Runner up: Siahna K

Year 6 Champion Boy: Jacob G

### Interschool Cross Country Results - We won!

Last Monday, Edgewater's cross-country team competed at the Interschool cross country competition at Penistone Park against 7 other schools, large and small, from around the district.

Our runners have been training tirelessly, at least twice per week since the beginning of Term 2, and the overall fitness (both physical and mental) of the team was evident with the majority of our competitors finishing in the first half of the field.

A huge thank you must go to the parents and family of our squad members for encouraging extra runs on the weekends and holidays and for bringing their children to additional training sessions, in the early mornings.

A gigantic congratulations to the entire cross-country squad, including our reserves, for your outstanding efforts this year, which have culminated in a well-deserved win.

### Individual Placegetter Results

1st place in Year 1/ 2 Girls Race and Junior Champion Girl: Kensington W

4th place in Year 1/ 2 Boys Race: Bruce C

2nd place in Year 5/ 6 Girls Race and Runner up Champion Girl: Millie BS

1st place in Year 5/6 Boys Race (with an almost photo finish) and Senior Champion Boy: Jacob G

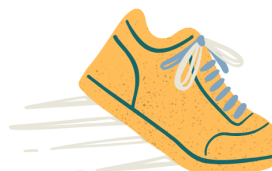

### Champions Shield

8th Greenwood 369 pts; 7th Carnaby Rise 395 pts; 6th Landsdale 415 pts; 5th Creaney 475 points; 4th West Greenwood 502 points; 3rd Madeley 536 points; 2nd Ashdale 583 points; 1st Edgewater 717 points

### 100+ Laps at Run Club

Some more outstanding achievements. Congratulations to the following students who have reached 100+ laps at Run Club this year:

Amada S; Sullivan H; Riley T; Mason C; Ayva S

# From the P&C

Saturday 12 October was a night to be remembered, thank you so much to everyone who joined us for the Quiz Night. The costumes were amazing, the decorations were fabulous and the competition was strong. Congratulations to the "Team Sweat" for their first place win, "Merry Quizmas" as the best themed table and Snow White for his best dressed prize.

## We need your help

Did you know the P&C runs our school canteen?

The canteen equipment is aging, and our fridges are failing. A new commercial grade fridge is required for health & safety reasons to keep the canteen operating. Despite our fundraising efforts, including a successful quiz night, we still can't fully fund the fridge.

Without a new fridge by February, the canteen won't be able to open in 2025. How can you help?

- Pay your voluntary P&C Family Contribution (\$50 per family) if you haven't already.
- Donate via QuickCliq when you place a lunch order starting next week.
- Keep placing lunch and recess orders to support the canteen.

Contribute at collection points at school or during the Twilight Concert on 21 November. We appreciate your support to keep the canteen open for all of you and for the future EPS kids!

And today on World Teachers Day Australia, the P&C would like to acknowledge all of our amazing EPS teaching staff for their dedication. We very much appreciate your impact on our children!

**Samantha Blake**

P&C President

# From the Manager of Corporate Services

With the end year fast approaching this is just a reminder that any payments which are made to the school, the preference is for you to either transfer the payment directly to the schools account online using the below bank details or alternatively paying at the administration office through the Credit Card and Eftpos facility.

## Bank Details

Account Name: Edgewater Primary School

BSB: 016 494

Account: 340 968 448

## 2025 Fees and Charges

The following documents have now been uploaded to the website for your consideration

Kristy Graindorge

**Manager Corporate Services**

# Room 16, Year 2 Assembly

On Friday, 16 October, we were all taken on an around Australia journey.

The Year 2 students were able to tell us some of the amazing highlights of every state and territory in Australia. This was an amazing conclusion of their Humanities and Social Studies unit that the middle years have been studying. Room 16 ultimately decided that Western Australia was indeed the best place to live in.

# Canteen News

How fun was the recent Quiz Night put on by our wonderful P&C Association?

It was so lovely to see the parents get into the spirit of the night and dress up their tables and themselves. We have some very creative people in our school family - the costumes and table decorations were colourful, clever and brought a chuckle or two. Well done!

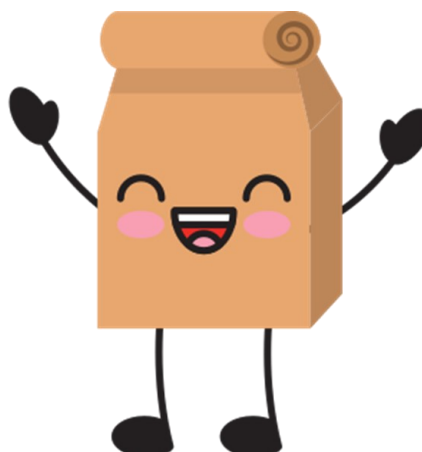

Our gratitude and thanks to everyone who attended the night, bought a few drinks from the bar, bid on the silent auction items, and picked up a couple of raffle tickets. Some of the profits from the event will go to much needed upgrades of equipment in the canteen.

A huge thank you to Samantha Blake, our P&C President, and her team for all their hard work and effort in putting together a very successful night.

In term swimming is coming up in Weeks 7 and 8. As you can appreciate there are a few differing bus departure and return times to accommodate students' swim lessons. This in turn causes difficulties in the canteen with recess and lunch services.

We are working on finding a solution to this so that the children don't miss out on lunch orders and will notify you in the next couple of weeks the plan for this.

**Kerry van Drunick and Vanessa Browne**  
Canteen Managers

## Community Health

Please note possible cases of Whooping Cough (Pertussis) have been identified in our local community. This contagious, acute, respiratory infection is caused by *Bordetella pertussis* bacteria. Transmission is via airborne or droplet, direct contact with contaminated nose or throat secretions.

We have attached a flyer later in this Newsletter outlining the symptoms to look out for.

For further information please visit [Whooping cough \(pertussis\) \(healthywa.wa.gov.au\)](https://www.healthypertussis.org.au) or contact your local GP.

# Telethon Ambassadors

On Tuesday 15 October our 2024 Edgewater PS Telethon Student Ambassadors travelled to Parliament House in West Perth to receive a Perth Mint medallion from Premier Roger Cook.

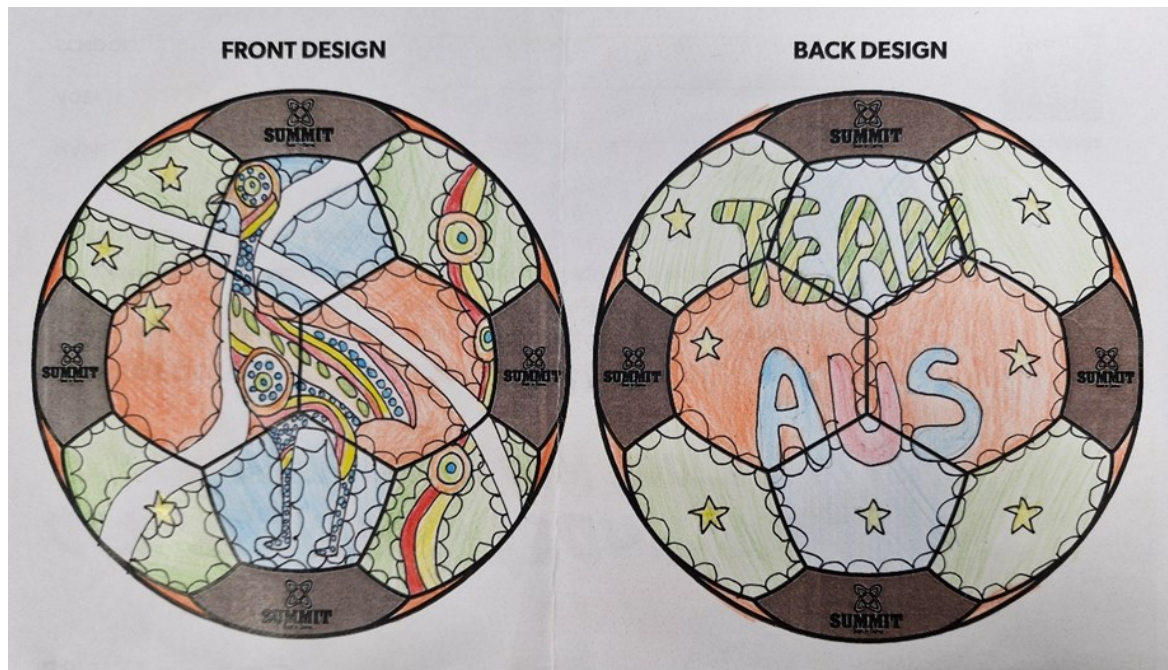

The medallion is recognition of their services to fundraising for Telethon and contributing to the welfare of the wider community. We are very proud of Anaia J and Claire W. Congratulations to you both!

# Visual Art News

Hesara from R5 has received an honourable mention as part of Summit's countrywide "Design your own Football" competition.

She worked hard to create a striking Emu design, incorporating Aboriginal colours and designs to get behind #TeamAUS. Hesara should be very proud of her achievement.

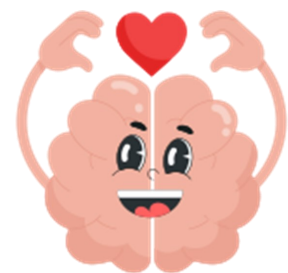

## Chaplain's Chat

### Encouraging creativity and Self-expression of your child

Giving your children a time and space for creativity is very important in the development of their self-esteem and educational confidence. Activities such as drama, singing, dancing, art can help children:

- Develop creativity and imagination
- Build confidence
- Express emotions, thoughts, ideas in verbal and non verbal ways
- Learn about the world from someone else's point of view
- Practice decision making, problem solving and critical thinking
- Practise and improve social skills
- Develop physical and motor skills

You can encourage creativity and self-expression through creating a safe and encouraging space for your children to experiment different areas of creativity.

Here is a resource that can help you come up with ideas on how to encourage creativity around your house.

[Creative Development](#)

School Chaplain

# Scholastic Book Fair

The Book Fair, run as an integral part of the school's annual Open Night, it is the major source of funding for the purchase of books in the library.

Like previous year's, the Book Fair on Wednesday, 16 October was a resounding success. Sales on the day were an incredible \$6,325. The commission we receive from Scholastic will allow us the purchase of much needed books in 2025.

Thank  
You

## Book Week

On Wednesday 28 September, we held our annual Book Week Parade.

Thank you to everyone for a great day, your costumes were so good!

## In-Term Swimming Lessons

Just a friendly reminder that students Pre-Primary to Year 6 attend swimming lessons this term in Weeks 7 & 8, Monday 18 November to Friday 29 November 2024.

Information and enrolment forms have been sent home so please ensure these are returned with payment as soon as possible.

# Edgewater's Got Talent

On Thursday morning, 24 October, the Executive Student Councillors hosted Edgewater's Got Talent.

The theme this year was beach which everyone loved. Two weeks earlier auditions for Years 1 to 6 were held where they showed us their amazing talents.

We are glad to say that this years EGT went really well and everyone had a great time. We would like to say congratulations to the students that performed at the event and for those that placed 1st, 2nd and 3rd.

Everyone was amazing and brave performing in front of a large crowd.

The winners of Edgewater's Got Talent for 2024 are;

## Juniors

1st Place—Flynn, Tessa and Heidi

2nd Place— Alexia

3rd Place—Berrie, Kaylie and Meira

## Seniors

1st place—Emma

2nd place—Viya

3rd place—The crazy teachers group

Thank you to everyone that helped and supported this special event!

## Student Executive Councillors

# More Edgewater's Got Talent Photos

# Science News

Last term was a busy time for Science. We recognised Science Week and this year's theme 'Species Survival – More than Just Sustainability'.

The Year 4 to 6 students competed in the Belridge Science Challenge and the Pre-Primary to Year 3 students immersed themselves in the Science Tabloids.

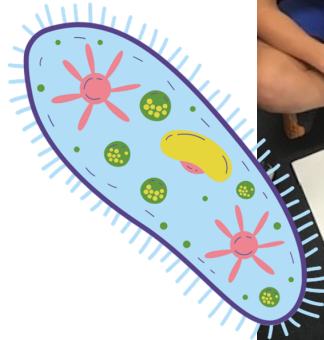

The Tabloids covered an array of Science concepts from forces, states of matter, physical changes and adaptations. The students thoroughly enjoyed the experience.

We were also fortunate to once again have a team of Science medical researchers speak to the Year 6 students.

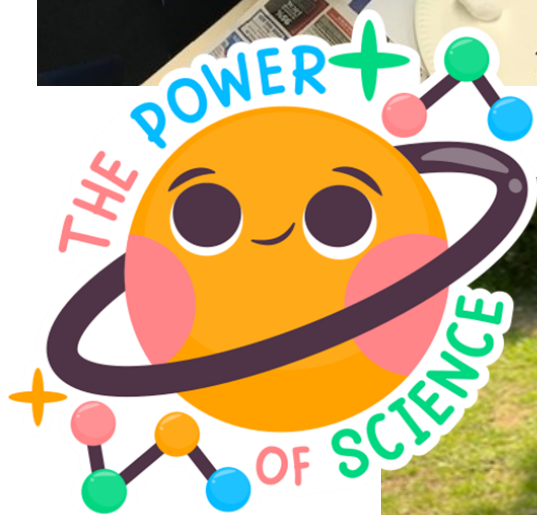

Lucy, a PhD student specialising in vaccinology, explained what a career in Science and STEM looks like. She spoke about her personal journey and then explained the science behind developing and discovering vaccines to prevent infectious diseases.

The students then completed a hands-on activity, creating their own virus model.

# From our Community Health Nurse

## Scoliosis

Scoliosis is an abnormal sideways curvature of the spine. It can be detected by a simple examination of the back. The normal spine has three curves – one in the neck, one in the upper back and one in the lower back. These curves can be seen from the side, but when you look from behind the spine should appear straight. If the spine has a sideways curve, this is scoliosis.

Please read through the [scoliosis](#) information provided by Raising Children Network and check your child for scoliosis as described.

## Colour Blindness

Children who are colour blind can see as clearly as other people but can't tell the difference between some colours or see colours differently from other people. Very few people who are colour blind are 'blind' to all colours – most often they see red and green as very similar.

It's good to know if a child is colour blind because they may have difficulty at school with activities that use colours, such as drawing and sorting blocks, and with computers. Please read through information on [colour blindness](#) provided by Raising Children Network.

If you have any concerns, colour vision testing can be performed by some General Practitioners (GP), eye specialists or optometrists.

## Undescended testes

Screening for undescended testes is recommended for boys at school entry (~4-5 years of age). Around 2-4% of boys have an undescended testes at birth. Sometimes the testes (also known as testicle) is in the scrotum at birth but is pulled up into the groin or abdomen at around 4-10 years of age. This happens because the cord that attaches the testicle to the abdomen doesn't grow at the same rate as the child.

Undescended testes don't fully sit within the scrotum. The condition isn't painful but can increase the risk of several other health issues such as decreased fertility and testicular cancer. For those boys who develop an undescended testicle later in childhood, the 'ascending' testicle often needs surgery between 5 years and 10 years.

Please read through the information about undescended testicles provided by [Raising Children Network](#) and encourage your child to check themselves as described there.

If you have any concerns, please contact your General Practitioner or **Community Health Nurse, Stacey Brown** on **0404 002 394**

## How to access Compass

Download the 'Compass School Manager' app for iOS and Android from your app store for **mobile** devices.

Enter 'schools.compass.education' in a web browser for desktop **computers**.

To **login** to Compass use the username and temporary password provided by your school.

## Get started with Compass

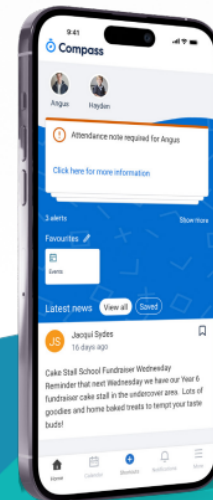

Please contact your school for further information on how to access Compass.

Department of  
Education

## The Kaartdijin Solution for parents/guardians

Connect to your school's Compass portal and stay updated with your child's progress and important school news.

KTSS-65

## What's in the Compass parent portal?

### Your child's profile

- View attendance and behaviour/ wellbeing records
- Email your child's teachers
- Submit absent or late notes

### Important reminders

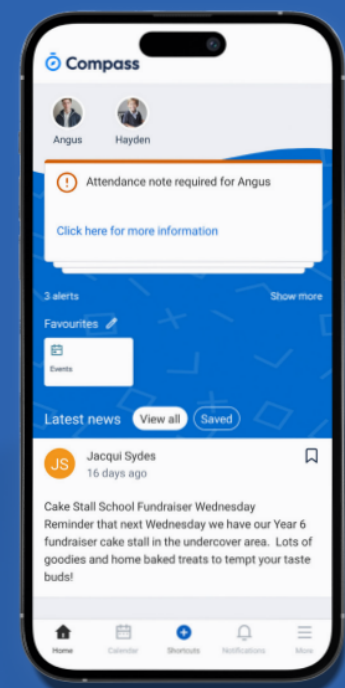

- For attendance notes
- Consent for excursions

### Latest school news

- Receive news updates relevant to you, such as newsletters or details of upcoming events

### Calendar

- View your child's upcoming excursions and school events

The Kaartdijin Solution for schools uses Compass, an online school management system, to manage student attendance and wellbeing and communicate important school information.

The Kaartdijin Solution for parents/guardians allows schools to invite parents/guardians to connect with them online through their Compass parent portal.

Government of Western Australia  
Child and Adolescent Health Service  
WA Country Health Service

# School Health Services

Health information for parents and carers of upper primary children

**Y**our child will soon be a teenager, so now's a good time to think about some important health issues.

## School health services

School health nurses provide a school health service through primary and secondary schools. If you have any concerns about your child's health, contact the school health nurse through your school office.

Other people who may be able to help are the school psychologist, your child's teacher, your doctor, or your local child development centre – see [healthywa.wa.gov.au/childdevelopment](http://healthywa.wa.gov.au/childdevelopment)

## Healthy lifestyle

- Encourage children to keep physically active, choose healthy food, and get sufficient sleep.
- Eat dinner as a family to promote good communication and connection.
- Your child should have a dental health check every year. Contact the school dental health service or a private dentist.

## Good mental health

Good communication with your child is always the best way to promote mental and emotional health. If you have any concerns about your child, talk to your doctor, community school health nurse or school psychologist. Find out more at [raisingchildren.net.au](http://raisingchildren.net.au)

## Immunisations

With your consent, your child will be offered immunisation against diphtheria, tetanus, pertussis and human papillomavirus (HPV) in Year 7, and meningococcal (types A, C, W and Y) in Year 10. Find out more at [healthywa.wa.gov.au/immunisation](http://healthywa.wa.gov.au/immunisation)

## Puberty

Now is a good time to discuss physical and emotional changes with your child. We recommend **Talk soon.**

**Talk often. A guide for parents talking to their kids about sex**, available from

[healthywa.wa.gov.au/Talk-soon-Talk-often](http://healthywa.wa.gov.au/Talk-soon-Talk-often)

Schools usually teach students about growth and development during Years 5 and 6. Your child's teacher can give you more information about these classes.

## Scoliosis

This is an abnormal, sideways curvature of the spine. It can develop during early adolescence, usually between 10 and 13 years. Your school will give your child information about checking for scoliosis in Year 6. If you have any concerns, talk to your doctor or community school health nurse. Find out more at [raisingchildren.net.au](http://raisingchildren.net.au)

## Vision

Take your child to your doctor\* or an optometrist\* if your child:

- covers or closes one eye when reading
- holds books very close
- complains about eyestrain or headache
- complains about double vision or blurred vision with reading or blackboard viewing
- complains that words move on a page
- loses place with reading, or skips words and lines
- has a short attention span when reading
- rubs their eyes a lot.

\*Check with your doctor/optometrist about bulk billing.

**For more health information including child development:**

- [healthywa.wa.gov.au](http://healthywa.wa.gov.au)
- [raisingchildren.net.au](http://raisingchildren.net.au)

This document can be made available in alternative formats on request for a person with a disability.

This publication is provided for general education and information purposes. Contact a qualified healthcare professional for any medical advice needed.

## Whooping cough (pertussis)

- > Whooping cough is a highly infectious disease that can be life threatening for babies and young children.
- > It usually starts with cold-like symptoms and a cough that worsens into uncontrollable coughing.
- > Vaccination is the best way to prevent whooping cough.

Whooping cough is a potentially fatal bacterial infection that attacks the airways causing uncontrollable coughing and difficulty breathing.

Young infants infected with whooping cough may stop breathing or turn blue, have apnoea (pauses in normal breathing), pneumonia, feeding problems and weight loss, seizures, brain damage and, in some cases, even die.

Older children and adults can also become infected with whooping cough and, while their symptoms are usually less severe, they can pass the infection to others, including infants too young to be immunised.

### What are the signs and symptoms of whooping cough?

Symptoms generally appear 7 to 10 days after infection.

Whooping cough usually starts like a cold with a blocked or runny nose, tiredness, mild fever and cough.

The cough typically gets worse and severe bouts of uncontrollable coughing can develop.

Coughing bouts can be followed by vomiting, choking or taking a big gasping breath which causes a 'whooping' sound. The cough can last for many weeks and can be worse at night.

Some newborns may not cough at all but they can stop breathing and turn blue. Some babies have difficulty feeding and can choke or gag, they may have apnoea (pauses in normal breathing), pneumonia, weight loss, seizures, brain damage and, in some cases, can even die.

Older children and adults may just have a cough that lasts for many weeks.

Not every person makes the whooping sound – this is more common in non-immunised children.

The cough may last up to 3 months, but the person is no longer infectious after 21 days (3 weeks).

Whooping cough was previously referred to as the '100-day cough' as it can persist for months and can be so severe that it could cause vomiting, broken ribs and hospitalisation.

Pneumonia is a relatively common complication, and seizures and brain disease occur rarely.

### How is whooping cough spread?

Whooping cough spreads by airborne droplets, that is, an infectious person coughs or sneezes bacteria into the air which can then be inhaled by other people in close proximity.

Once a person is infected with whooping cough and starts experiencing symptoms they can be infectious to others unless they are treated early.

Without treatment people with whooping cough are infectious during the first 3 weeks of their illness and can infect others in their household, workplace, child care centre and school.

**BELRIDGE SECONDARY COLLEGE BOARD**

# **OPEN MEETING AND TWILIGHT TOUR**

**MONDAY 4 NOVEMBER 2024**

## **PREPARING OUR STUDENTS FOR THE FUTURE**

### **TWILIGHT TOUR @ 5PM**

Please report to Administration Office

### **OPEN BOARD MEETING**

Arrivals, registration and light bites  
from 5:30pm

Meeting commences 6:00pm

Venue: Belridge Secondary College  
Staffroom

### **FREE EVENT - REGISTRATIONS ESSENTIAL**

### **TOPICS OF DISCUSSION**

#### **Listen to our student vignettes covering aspects of:**

- Extracurricular engagement – school tours and competitions
- Student Council report
- Student-Led Projects

#### **Staff presentations:**

- New STEM build / STEM engagement
- School Values, House structure and leadership roles for students
- Learn what goes on in a board meeting, the make-up of the board and the role it plays within the school
- Participants will have the opportunity to network, ask questions and talk to each other regarding the opportunities that both the school and board presents and how we can work together
- Display of works from our The Arts Learning Area - Musical Visual and Fashion Design

We welcome your views and suggestions. This is a great opportunity for prospective and current parents and the wider school community to become more familiar with BSC, meet with our Board members, our school leadership team and share in its exciting future, as well as taste the delicious offerings of our Hospitality students who cater for this event!

Should you have any questions for our College Board it would be appreciated if you could submit by Wednesday 1 November to
